Step 1, Getting Started: Read all instructions for the Halloween Gummy Candy before starting. Assemble all supplies and measure all ingredients.

Step 2, To Prepare Candy: Prepare Square Pan by lightly coating the bottom and sides with Cooking Spray. Combine the Pectin, Water and Baking Soda in Medium Saucepan. While stirring, cook at medium high heat until foam has settled. Remove from heat. Add the Sugar and Corn Syrup, stirring to combine. Dissolve the Flavored Drink Mix in 1 teaspoon Water; incorporate into mixture. Return heat to high. Bring mixture to a full rolling boil while stirring constantly. Boil hard for one and a half minutes. Remove from heat. Continue to stir until the boiling has stopped. Pour mixture into prepared Pan. Let cool until firm. Make sure Pan is on a flat surface.

Step 3, Finishing Touches: Loosen sides of the pan. Invert onto a sugar coated Cutting Board. Cut out shapes using Halloween Cookie Cutters. Roll gummy candies in additional Sugar to coat. Decorate Halloween shapes using icing, if desired. Enjoy immediately or store in an airtight container.
