

# SPOOKY SPIDER LANTERN

ENL 072 0905 09

## Project Supplies You Will Need

1 Kerr® Wide Mouth Quart Jar

---

1 Kerr Wide Mouth Band

---

1 (12-ounce) Can Non-toxic Orange Spray Paint

---

1 (3-ounce) Can Non-toxic Off-white Spray Paint

---

2 (24-inch) Pieces of 14 Gauge Copper Wire\*

---

1 (11" x 13") Sheet White Paper Spray Adhesive

---

Votive Candle and Holder

---

\*We used the 14 Gauge Copper Wire Assortment from Wild Wire™

Additional craft supplies to have on hand: Scissors, pencil, paper towels, rubber gloves and newspaper.

**Step 1, Getting Started:** Read all instructions for the Spooky Spider Lantern before starting. Assemble all supplies.

### Step 2, Painting Spooky Spider Lantern Base:

A) Using pencil and Wide Mouth Band, trace a circle onto center of one sheet of White Paper and cut out. (Keep cut out circle for later use.) Spray a thin coat of Adhesive on one side of remaining piece of paper and apply to jar so the cut out area rests on center of jar front. Lay jar on newspaper in a well-ventilated area. Put on rubber gloves. Spray cut out area only with several light coats of Off-white Paint. Allow to dry between coats.

B) Pull Paper off jar and discard. On circle you cut from the White Paper, draw a spider (or other Halloween design). Cut out spider shape. Spray a thin coat of Adhesive on one side and apply to off-white painted circle on jar. Spray jar with several light coats of Orange Paint, rotating jar for even coverage. Allow to dry between coats. Let jar completely dry before removing Paper from jar. Discard Paper.

**Step 3, Adding Lantern Handle:** Wrap one piece of Copper Wire around neck of jar. Wrap wire ends around each other and twist to secure. Wrap one end of second piece of Copper Wire securely around first piece on one side of the jar. Wrap other end of second piece around the first piece on the opposite side of the jar. Pull up in center of second piece of Copper Wire to shape into handle. Be careful to not scratch paint with wire ends.

**Step 4, Finishing Touches:** Set Votive Candle in Holder inside bottom of jar. Light candle for a spooky glow! Remember, never leave a lit flame unattended.

### Fun Project Idea:

Set your spooky lantern on the front porch to welcome trick-or-treaters or paint leaves or pumpkin on lantern for a festive table centerpiece.
