Step 2, Preparing Pudding Snacks: Line up the Plastic Freezer Jars. Measure 3/4 cup of Milk into each Jar. Add 2 rounded tablespoons of Pudding mix into each Jar. Tightly screw down lid onto Jar. Shake Jar for 1 minute. Let stand until thickened, about 4 minutes. Add desired amount of toppers to each Jar. Stir to incorporate Toppers throughout Pudding. Replace lid. Place in freezer until Pudding is partially frozen, about 2 hours. Serve. The Pudding fills about 5 (8-ounce) Jars of Pudding Snacks.

Note: Store in freezer if not consuming immediately. When ready to serve, remove from freezer and partially thaw in refrigerator.

Fun Project Idea:

Serve these tasty frozen snacks with Wooden Ice Cream Spoons or Plastic Spoons. If the entire Pudding Snack can not be consumed in one setting, just put the lid back on the Jar and store in the refrigerator. Reuse these Jars over and over with new flavor combinations of Frosty-Freeze Pudding Snacks!
