**Step 1, Getting Started:** Read all instructions before starting. Assemble all supplies.

**Step 2, Assembling Jar:** If using a jar of canned vegetables, carefully remove jar band from jar. Lay cardboard box on its side over newspaper in a well-ventilated area. Set jar band down in the box. Spray outside of jar band with several light coats of Flat Black paint. Set aside to dry. Use glue dots to attach seed packet to front of jar.

**Step 3, Decorating Lid:** Place jar lid on back of green cardstock and trace around lid with a pencil. Cut out along traced line. Place lid and cardstock circle on top of jar and twist painted jar band onto jar. Place a glue dot into small clay pot and sprinkle seeds onto glue dot. Use glue dots to attach clay pots and sprinkling can to cardstock circle on top of jar.

**Step 4, Finishing Touches:** Place ribbon lengths together, wrap ribbons around jar neck and tie into a knot. Place gardening tools next to knot, wrap one ribbon around tools and tie into a knot securing tools.
