Additional craft supplies to have on hand: Scissors, pencil, paper towels, rubber gloves, newspaper, baking sheet, oven mitt, paper plate and a cup of water.

*We used Sculpey® Oven-bake Clay in Sweet Potato.

Step 1, Getting Started: Read all instructions for Merry Snowman Luminary before starting. Assemble all supplies and ingredients.

Step 2, Preparing Luminary: Lay Jar on newspaper in a well-ventilated area. Put on rubber gloves. Spray entire Jar with two coats of Frosted Glass Paint. Allow to dry between coats. (Paint will appear clear at first but will dry to a frosted finish.) Form a "carrot nose" out of Orange Clay.; bake according to manufacturer's directions. While clay is cooling, use Black Glass Paint to paint two large "coal" eyes and a mouth onto front of Jar. Use Super Glue to glue carrot nose to front of Jar.

Step 3, Snowman Hat: Place Votive Candle in Holder and place in bottom of Jar. Using a small canister (like a can of vegetables) as a mold, form a hat with Wire Mesh. Cut excess off as needed to form brim. Place on Jar and complete by wrapping hat with Holiday Ribbon.
