Fun Project Idea

Fill with cookies to leave for Santa and his reindeer or fill with chocolate as a gift for a favorite teacher.

Step 1, Getting Started: Read all instructions for "Rudy the Red-Nosed Reindeer" Luminary Jar before starting. Assemble all supplies.

Step 2, Assembling "Rudy" Jar Base: Draw 1-inch round "nose" onto masking tape. Cut out circle and place in middle of front of jar. Using brush, paint jar with brown paint. Paint band with brown paint. When brown paint is dry, remove masking tape. Lay jar on side and paint blank circle with red transparent glass paint. Let dry. Adjust brown painted band onto jar. Use black and white markers to draw eyes and mouth. Print provided templates and cut out. Trace antlers onto dark brown foam. Trace outer ears onto light brown foam and inside ears onto dark brown foam. Cut out all pieces. Glue dark brown portion of ears to light brown like photo. Glue onto jar as shown.

Step 3, Finishing Touches: Adorn "Rudy" with garland and rope. Place a votive candle in jar and light. **Important Note:** Use caution when using candles around children and never leave a lit candle unattended. A battery operated candle is a safe substitution.
